Please ensure the course on the ground is the same as the plan, using a metre wheel to check distances.

The overall distance should also be checked.

The sign should be placed where the number on the plan indicates and any separate numbers placed to the side on the right, with cones usually placed just behind (in the case of weaves etc).

**The sign must be performed in a one metre square** to the front of the sign for turns in front and slightly to the left for straight line walking.
